Dear NSD Families and Staff,

The Nashua School District is writing to provide a reminder about the cyberattack experienced in late April. The investigation remains ongoing while, at the same time, significant work has been completed to restore impacted systems and ensure the security of the district's environment moving forward. We continue to work with third-party subject matter specialists to define the scope of the attack.

Although we are unaware of any actual or attempted misuse of any personal information because of the cyberattack, we recommend that individuals remain vigilant against incidents of identity theft and fraud by reviewing account statements and explanations of benefits and monitoring free credit reports for suspicious activity. If it is determined through our investigation that sensitive information stored on our systems was impacted, we will notify affected parties directly.

We write to remind you that, under U.S. law, everyone over the age of 18 is entitled to one free credit report annually from each of the three major credit bureaus. To order a free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also contact the three major credit bureaus directly to request a free copy of their credit reports.

Thank you for your continued patience and understanding as we respond to the cyberattack. Please direct inquiries to the Nashua School District at cybersecurity@nashua.edu.

Sincerely,

Mario Andrade, Superintendent of Schools
