STUDENT MEAL CHARGES

The Board recognizes the impact that wellness has on student achievement. To support this, students are provided competitively priced, nutritious and well-balanced meals also known as reimbursable meals at each District school. A reimbursable meal is defined as a meal consisting of meat/meat alternative, grains, fruits, vegetables, and a milk further defined by the National School Lunch Program requirements. Parents/guardians are also expected to support this by maintaining a positive balance in their student's meal account throughout the school year.

Parents/guardians whose circumstances make this difficult are encouraged to apply for reduced-priced or free meals under federal guidelines. Any family that falls into a negative balance will receive a written notification to encourage them to apply for free or reduced meal benefits.

This policy establishes tenets for unpaid student accounts that balance the responsibility of parents to pay these charges with the necessity of treating each student in the serving line with respect regardless of the student's eligibility.

Parents/guardians are notified of this Policy by letter from the student's assigned school, mailed to the home and emailed to the email on file. The District staff (school staff and nutrition staff) are trained yearly to support and implement this policy.

Students Without Cash or Positive Balance

No student will be denied a breakfast or lunch regardless of account status. Students with an excess negative balance will be provided a standard "reimbursable" meal based on daily offerings such as sunflower butter and jelly on whole wheat bread, daily vegetable, fruit and milk. Staff must take reasonable steps to minimize statements or actions that overly identify children eligible for free meals. Students with a negative balance will not be allowed any a la carte purchases including milk. This policy applies equally to all students regardless of free/reduced/or full pay status.

Unresolved Debt:

In the event the student account has insufficient funds, the following procedures will be followed:

- At the middle and high school level, the cashier will notify students of their balances.
- At the elementary level, cashiers will <u>not</u> directly inform students of a negative balance.
- At all levels, a letter is sent by one of the following means:
 - o Emailed to the parent/guardian email on file
 - Sent home with the student
 - o Mailed home to the parent/guardian
- When a student's account reaches a balance due of \$20.00:
 - The Food Service Department with continue to try to contact the parents until the debt is paid. Contact options include notes sent home with students, letters through U.S. Mail, email and telephone calls
 - o Building principals, teachers, secretaries and guidance counselors will be notified to help facilitate if needed
 - o If the balance exceeds \$50.00, the parents/guardians have made no attempt to rectify the account and fail to send meals from home for the student, then the Superintendent or designee is authorized to consider contacting a debt collection agency.

On May 15 each school year, all unpaid student accounts with delinquent debt may, upon the decision of the Superintendent or Food Services Director, be assigned to a collection agency. At the end of June each year, delinquent debt becomes bad debt.

The Director of Food Services, with the concurrence of the Superintendent, is responsible for implementing the procedures for student meal charges in EFDA-R.

The Director of Food Services will annually report:

- 1. The cost, if any, for an alternative meal at the elementary and middle school level.
- 2. By school level: amount of unpaid meal charges, the number of students involved and the number of unpaid balances that have been sent to collection.

PROCEDURES FOR STUDENT MEAL CHARGES

Elementary Schools

If a student does not have enough money to purchase a meal, the student will be allowed to receive the meal of his/her choice until such time as the student attempts to make a purchase that would exceed three paid lunch meal equivalents.

For any meal purchase where the account would result in a charge of more than three combined breakfast and paid lunch meal equivalents, the student will receive a breakfast and will be provided a standard "reimbursable" meal based on daily offerings such as a sandwich of sunflower butter & jelly on whole wheat bread, vegetable of the day, fruit and milk. A reimbursable meal is defined as a meal consisting of meat/meat alternative, grains, fruits, vegetables, and a milk further defined by the National School Lunch Program requirements. Staff must take reasonable steps to minimize statements or actions that may overly identify children eligible for free meals. This designated "reimbursable" meal alternative will be charged to the child's meal account at the standard lunch rate.

Middle and High Schools

If a student does not have enough money to purchase a meal, the student will be allowed to receive the meal of his/her choice until such time as the student attempts to make a purchase that would exceed two paid breakfast and lunch meal equivalents. For any meal purchase where the account would result in a charge of more than two paid breakfast and lunch meal equivalents, the student will receive a reimbursable meal based on daily offerings such as a sandwich of sunflower butter & jelly on whole wheat bread and a cup for water. The School District recognizes that the lunch replacement meal cost is non-reimbursable to the School District.

A la carte and snack purchases are not permitted for any student that has a negative balance. The student's account balance must have sufficient funds for these types of purchases.

This policy shall apply equally to all students regardless of free/reduce/or full pay status.

Adults

No purchases will be allowed without proper payment.
